

Going to Occupational Therapy

Welcome to Advanced Pediatric Therapies!

Sometimes kids have to visit someone called an occupational therapist. Occupational therapists usually call themselves "OT's". OT's are really nice and fun to play with!

When you come, you will meet an OT. Your mom or dad can tell you her name and you can even see a picture of her on our website! She is really fun and may want to see you draw and play.

You may sit at a table and draw, cut and play with blocks. She will talk to your parents and write a lot of things down. She is trying to get to know you and your family!

Afterwards, you and your OT will play in our play spaces. The play spaces are really fun! There are hammocks, swings, zip-lines, toys, games and a ball pit. Here is a picture of our "big gym" where you can climb and play.

We look forward to meeting you at Advanced Pediatric Therapies!
