

# Important Announcement

We are modifying our **REGULATION from the inside out** training to fit a smaller more intimate group and we have a few more spaces available at a reduced cost!

## Join us to learn:

- How to support yourself (and your child) to self regulation and build resilience
- How sensory processing disorder affects learning and behavior
- How to decode your child's behaviors and put proper supports in place
- Walk away with concrete and accessible tools to support yourself and your child in moments of stress
